

CAREERS PROGRAMME

2023-24

As a student here, you'll benefit from our well-established careers programme. We have an expert careers team and many resources on hand to give you all the guidance you need to make fully-informed decisions about those all-important next steps.

We offer a packed calendar of tutorial programmes and events throughout the year to highlight the full range of options at the end of your study programme. An integral part of our activities is our unrivalled working relationships with employers, universities and their organisations across the region.

These close links mean there are lots of opportunities to connect with specialists in your chosen field and explore all the possibilities before committing to a specific route.

This handy guide tells you what to expect during your course. Remember too that advice is readily available at all four of our campuses. You can book an appointment with a qualified careers advisor at any time or pop in to one of our regular drop-in sessions.
